## 魔叶特斯提系列

MAGIC Twist is a classic series of AGO. However, classic not means that the product is outdated. How to keep the value of classics, showing its lasting charms and surprises is the essential of AGO from now to the future.

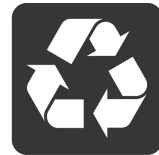

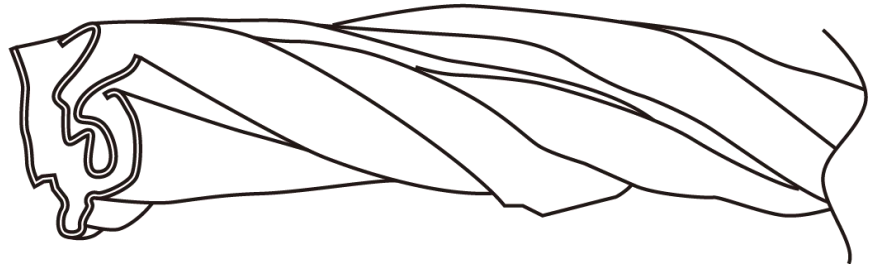

The innovation this time is more focused on the colour, combined with the texture of materials and product surfaces, to give the series a visual feeling reminiscent of fabric. In comparison to common fabric, MAGIC Twist offers the consistent benefits of being water-resistant, rot-resistant, and easy to clean. It' s an origin material that revitalizes old products and adds an extra touch of novel and characteristic to new ones.
