HOLLOW ROUND SERIES 空心圆藤

Hollow Round is based on the fourth generation of new polymer materials, that it is a new series developed through improved production technology.

This series continues the high-strength characteristics of the fourth-generation products, matte texture, natural color simulation, and comfortable hand feeling. The hollow design greatly reduces the weight of the rattan material, thereby achieving the purpose of reducing costs.

HOLLOW ROUND SERIES 空心圆藤

This series continues the characteristics of the first generation of hollow round rattan, high strength, matte texture, and comfortable. The colors are more natural. Compared with the original hollow round rattan, this upgrade makes the rattan lighter and softer.
