SUNFLOWER LEAF SERIES

葵叶系列

Sunflower Leaf series is another attempt of AGO in the simulation process.

In terms of shape and color, it is not only very close to the natural palm leaf, natural simulation, but also has the advantages of waterproof and mildew proof that palm leaf does not have.

The three-dimensional shape makes it have special light and shadow effect, and the color lines on the surface make the woven surface colorful, rough and Southeast Asian style.

SUNFLOWER LEAF TESTI SERIES

葵叶特斯提系列

Sunflower Leaf Testi Series is an extension of Sunflower Leaf series.

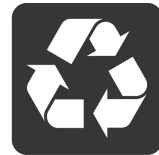

The three-dimensional irregular protrusions, coupled with varied color lines and the pattern of teeth, make the surface of the rattan more matte, higher degree of imitation. This series of single strand, double strand, multi-strand use, each has its own characteristics, more suitable for hollow weave, unique Southeast Asian style.
