HOLLOW ROUND RATTAN

空心圆藤系列

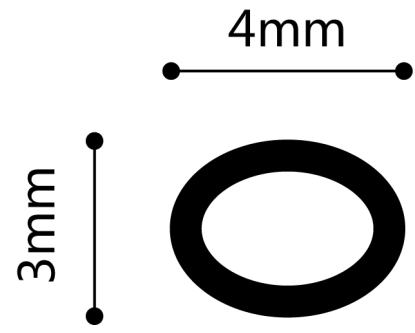

Hollow round rattan is imitation rattan market has a long history of classic shape, how to make such a classic product outstanding, is a major material manufacturers of a permanent topic.

AGO innovatively changed the hollow rattan into a kind of material visually, and changed the plastic material into a fiber material visually. Ordinary plastic hollow rattan, transformed by AGO, is easily made into the texture of cotton rope.

Matte surface, special texture, gives the hollow round rattan a new vitality, so that the product has been sublimated.

MAHUA SERIES

麻花系列

Mahua series follows the special surface texture of hollow round rattan. The special feature of this series lies in the structure of four circles tangent to each other.

When weaving, the rattan rotates, which will form a rich line effect on the weaving surface. Single or multiple side by side mixed use, will have a completely different feeling, make the product rich and colorful.
