# HEMP ROPE SERIES

Based on the magic leaf, AGO has injected new vitality into the rattan through careful polishing and re-designing, and perfectly transformed it into a new series - the twine series. It skillfully twists the V-shaped rattan to present a lace effect with a strong sense of three-dimensionality, making the rattan blossom with a different visual experience.

It accurately reproduces the texture of the twine, restoring the simplicity and toughness, and the series has a variety of sizes and colors to meet your needs, whether you are pursuing individual style, or focusing on quality and details!
