# PAPER PLATOON TWIST

纸排特斯提

Paper Platoon Twist is derived from the concept of the Paper Rape series and is an extension of it.

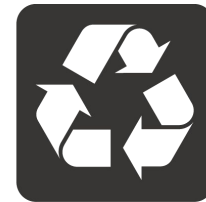

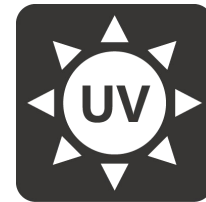

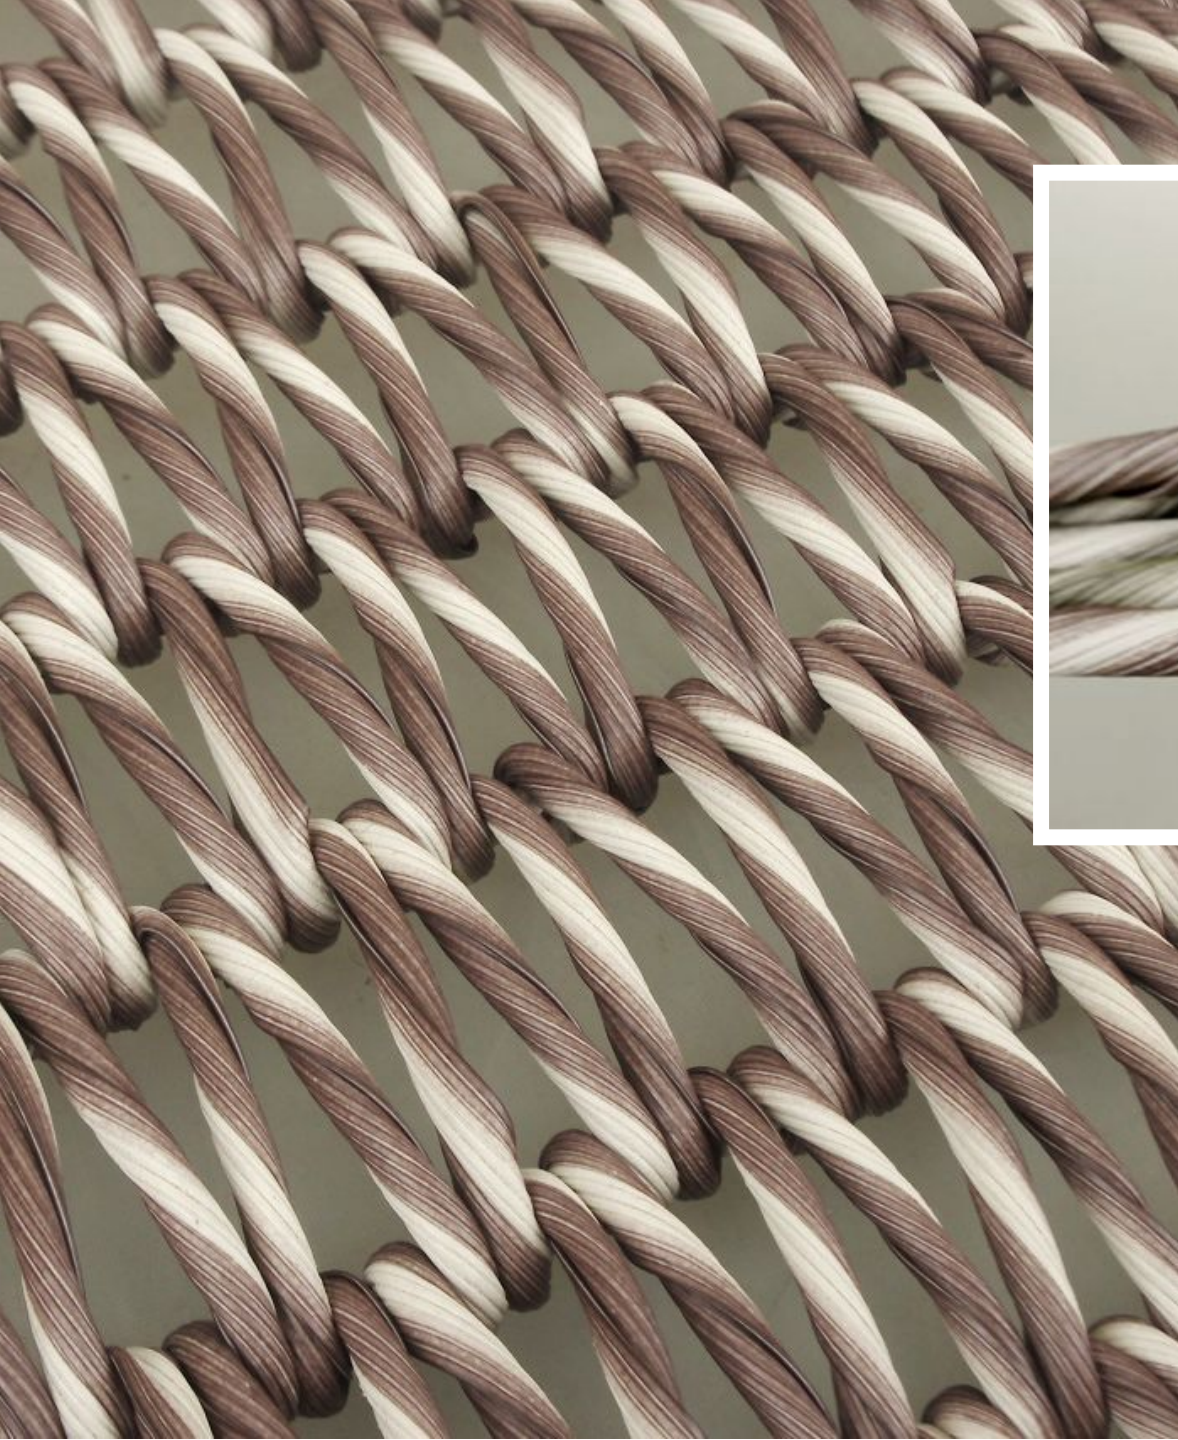

The twisting technique transforms the originally flat lines into a three-dimensional form, turning the flat patterns into vibrant ones. The weaving effect has drastically changed, from flat vines to round vines.

PPaper Platoon Twist is particularly suitable for hollow weaving. Under light, the interplay of light and shadow creates a stunning effect, making the woven surface more artistic. It is an excellent alternative to expensive woven ribbons.
