# NEW PRODUCT PROMOTION 2026

AGO
SINCE 1999

# Crystal Glow Series

The crystal Glow series adopts a round tube structure with an iron core, which has a transparent and clear texture, and the dynamic light and shadow are generated according to the shape. The surface is smooth, warm, and high-grade, with excellent transparency. The light penetrates through the material, creating a soft atmosphere layer by layer.

Embedded iron core support, outstanding shaping effect, overall flexible and tear-resistant, suitable for various scenes such as lighting and festival decorations, color transparent and bright, easy to create a high-end and dreamlike decorative visual effect.

**Iron core model, flexible shaping and long-lasting shape.**
